

Bali Beach Villas *at Tejakula*

Bali Beach Villas at Tejakula,

Like the other highly praised Cilik's Beach Garden Resort Properties (see travel guides by Fodor's, Lonely Planet, Rough Guide, Footprint Travel, etc.) on the beach in Air Sanih, North Bali, offers you spacious seaside villas in an exotic beachside setting. Each retreat has been created and maintained to meet the expectations of the knowledgeable and sophisticated traveler.

The Villas, are uniquely designed and decorated with rich regional materials, such as teak and marble, and integrated into a lush tropical garden setting overlooking the gentle waves of the Bali Sea. Each has stylishly elegant living/sleeping areas, with sheltered terraces, and luxurious grotto baths that are partially open to the sky and views of the palm trees gently swaying in the soft sea breeze above you. Private waterside pavilions invite you to eat, read, nap, indulge in a massage, or simply enjoy the sea views and caressing sea breezes.

Bali Beach Villas at Tejakula is located near the ancient village of Tejakula on the northeast coast of Bali, an island, just east of Java in what was once known as the Dutch East Indies. We are about 30 km (18.5mi.) east of Singaraja (the 'lion king'), the major city on the north coast, and about 15 km (9mi.) east of the other Cilik's Beach Garden resort properties on the beach at Air Sanih.
